with NWSEO Steward Alicia Miller

"A very recent and successful example of the bargaining unit bringing an idea to the LOT would be schedule adjustments for the COVID situation. This was quickly implemented in the week after the state of Pennsylvania announced the stay at home order and actually before mandatory telework was implemented by DOC. The bargaining unit, steward, and MIC worked to implement a schedule change to support not just physical health, but mental health in an effort to provide a much-needed sense of safety and security in the office during unprecedented times.

The relationship between the union and management has greatly improved over the last 6 years." -NWSEO Steward Alicia Miller
